

## The yearly summer activity

Global Kronobergs annual summer activities kicked off in June and ended in July.

During three intensive weeks 20 young summer employees worked with interviewing, blogging and taking photos for the purpose of evaluating the city of Växjö. We evaluated including cafes, playgroups and second-hand Stores.

Our results can be seen on: <http://vaxjungdomar.com>

Gruntvig project – Sweden 2014.

The Gruntvig project had a meeting in Sweden this year in May and there were participants from four different countries and they had two interesting days. The first day the participants had presentations of each country in Värnamo folkhögskola. The second day they went to Lessebo to see the old paper factory, where they make paper in the old way. Then they were at Kosta, where they observed the making of glassware, art and other accessories. The tour ended with a visit to Växjö's library, which was interesting to see as it is a combination between the old and modern style.

## Hallå everyone/Bonjour!

You've probably already guessed where I'm from, right? But perhaps not exactly... From Reunion island via Paris to Växjö, this is Laurie-anne!

I'm a new addition to the Globala Kronoberg team and I'm currently doing a European Voluntary Service (EVS). During my one month stay, I'm going to participate to the Globala Kronoberg project and other activities such as moving an entire apartment (well, almost) to a basement. Getting back to our main course, the Globala Kronoberg project. From August the 4th to the 11th, we're going to welcome around 30 young people from various nationalities. Our team had to plan for their entire trip. Together, we will mainly do outdoor activities, which should be enjoyable since it's sommar, my favorite time of the year! I can't wait to get into all of these activities. I don't really know what to expect but it's making me somehow more excited. But let's leave it here for now!

I may have the chance to see some of you around so...

A bientôt!/Ajö så länge!

Laurie-Anne

## Tatevik

What happened?

Late in the spring and summer many volunteers finished their EVS and went home. We said goodbye to Lars from Germany, Mathilde from France, Evgeniya from Russia, Marlena from Poland, Dorien and Diederik from Belgium. Good luck to all of them with their new flow of life in their home countries and best wishes. On the other hand 4 new volunteers arrived to Växjö. Please, welcome Celia from Spain, Issa from Jordan, Mike from Bulgaria and Laurie-Anne from France. They all work in SIP.

EVS-Fika

On 17th of June volunteers together with their supervisors and mentors had the last EVS-Fika in a beautiful garden of Atrium where our volunteer Marlena was working. Delicious bakery, strawberries, amazing weather, nice company and many happy moments and memories shared together accompanied us that day.

EVS Fika

Youth exchange Go out be in 2

## Go out be In 2 - Youth exchange

Globala Kronoberg organized a youth exchange on the theme of having a healthy lifestyle and exercising and doing so in an urban environment. There were participants from Poland, Serbia, Armenia and Sweden, a total of 26 people and we were engaged in activities for seven days. We all experienced new things, such as canoeing, a local festival, Karl Oscar-dagana and Swedish nature. A lot of great friendships were born and a lot of happy people, living in one house for a week. At the end there were sad eyes and happy faces. A great memory for all of us.
