# VISYON

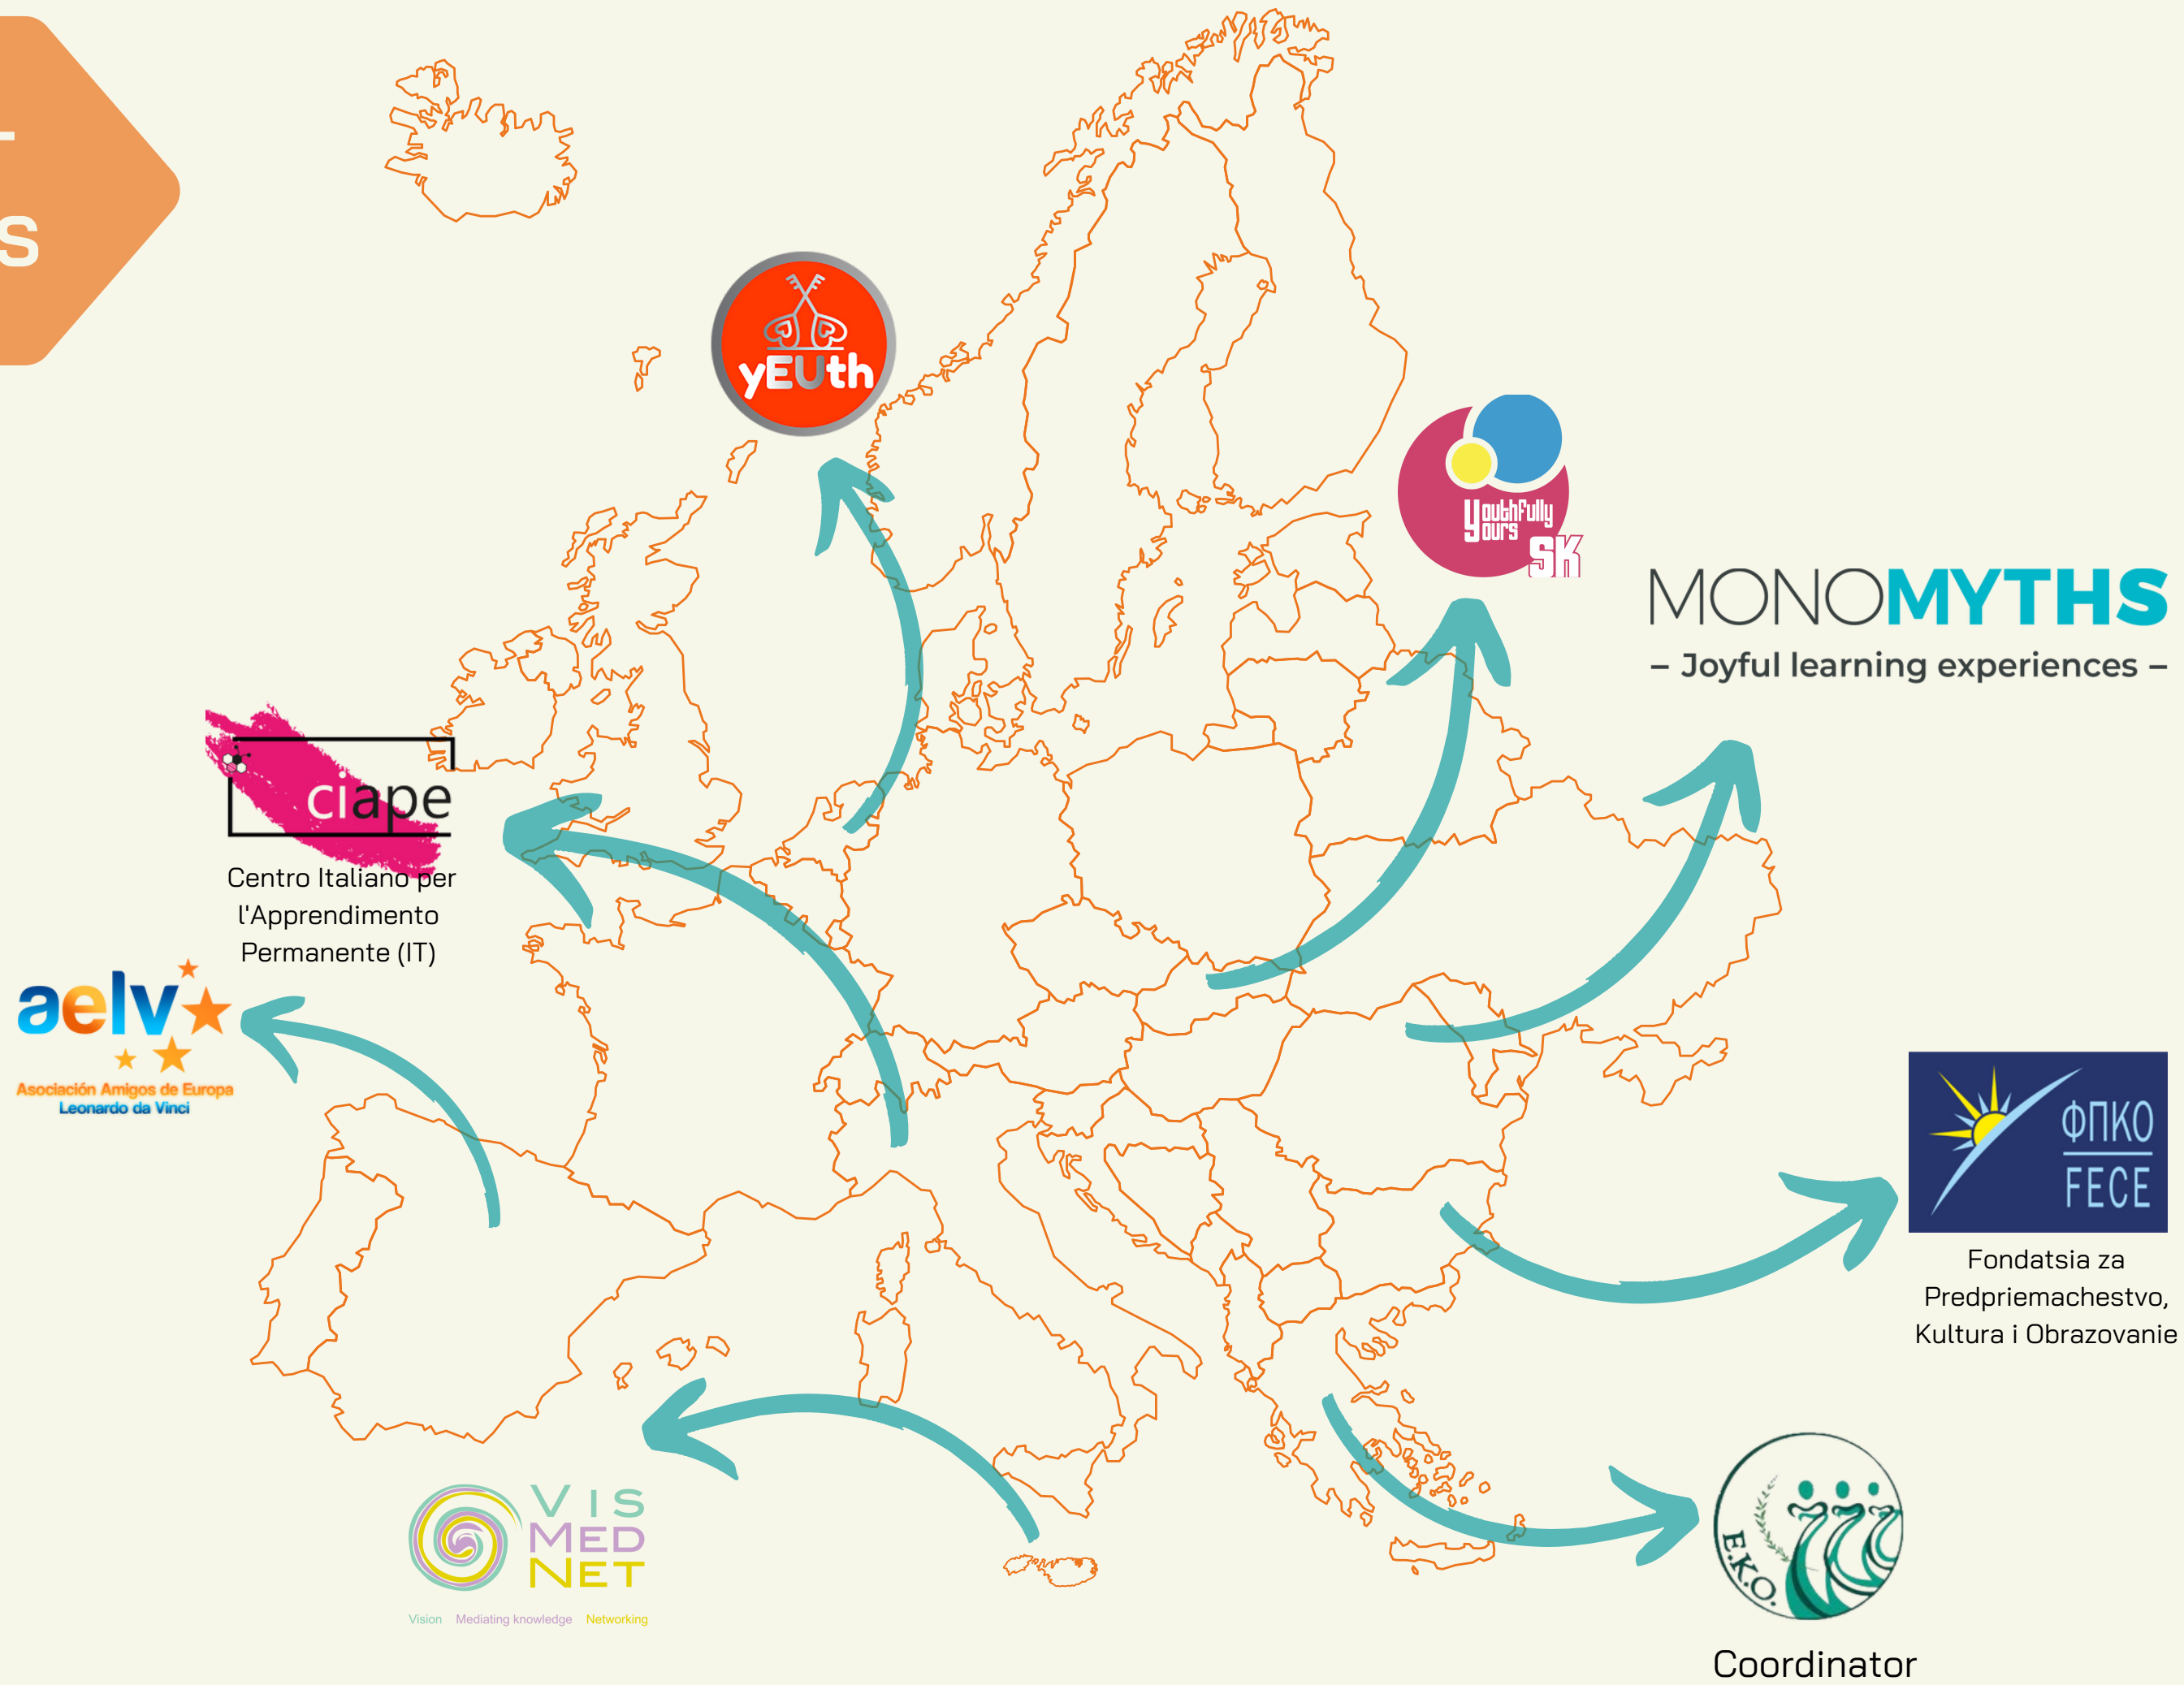

**Values, Ideas and Stories from Youth ON stage**

Erasmus+ KA3 European Youth Together project

Co-funded by  
the European Union

# PROJECT PARTNERS

Coordinator

- Euroscepticism has been spreading among young people, who feel non-represented by the EU.
- European Youth Goals were developed to identify the main challenges that affect young people's lives.
- In 2018, within the DigComp framework developed by the EU, *digital content creation* has been included among the key components of digital competence.

VISYON was designed to contribute to the implementation of the EU Youth Strategy:

## Engage

Fostering youth participation and social engagement

## Connect

Strengthening youth's sense of belonging to the EU

## Empower

Equipping youth with important skills, such as media literacy & digital skills

## VISYON AIMS TO:

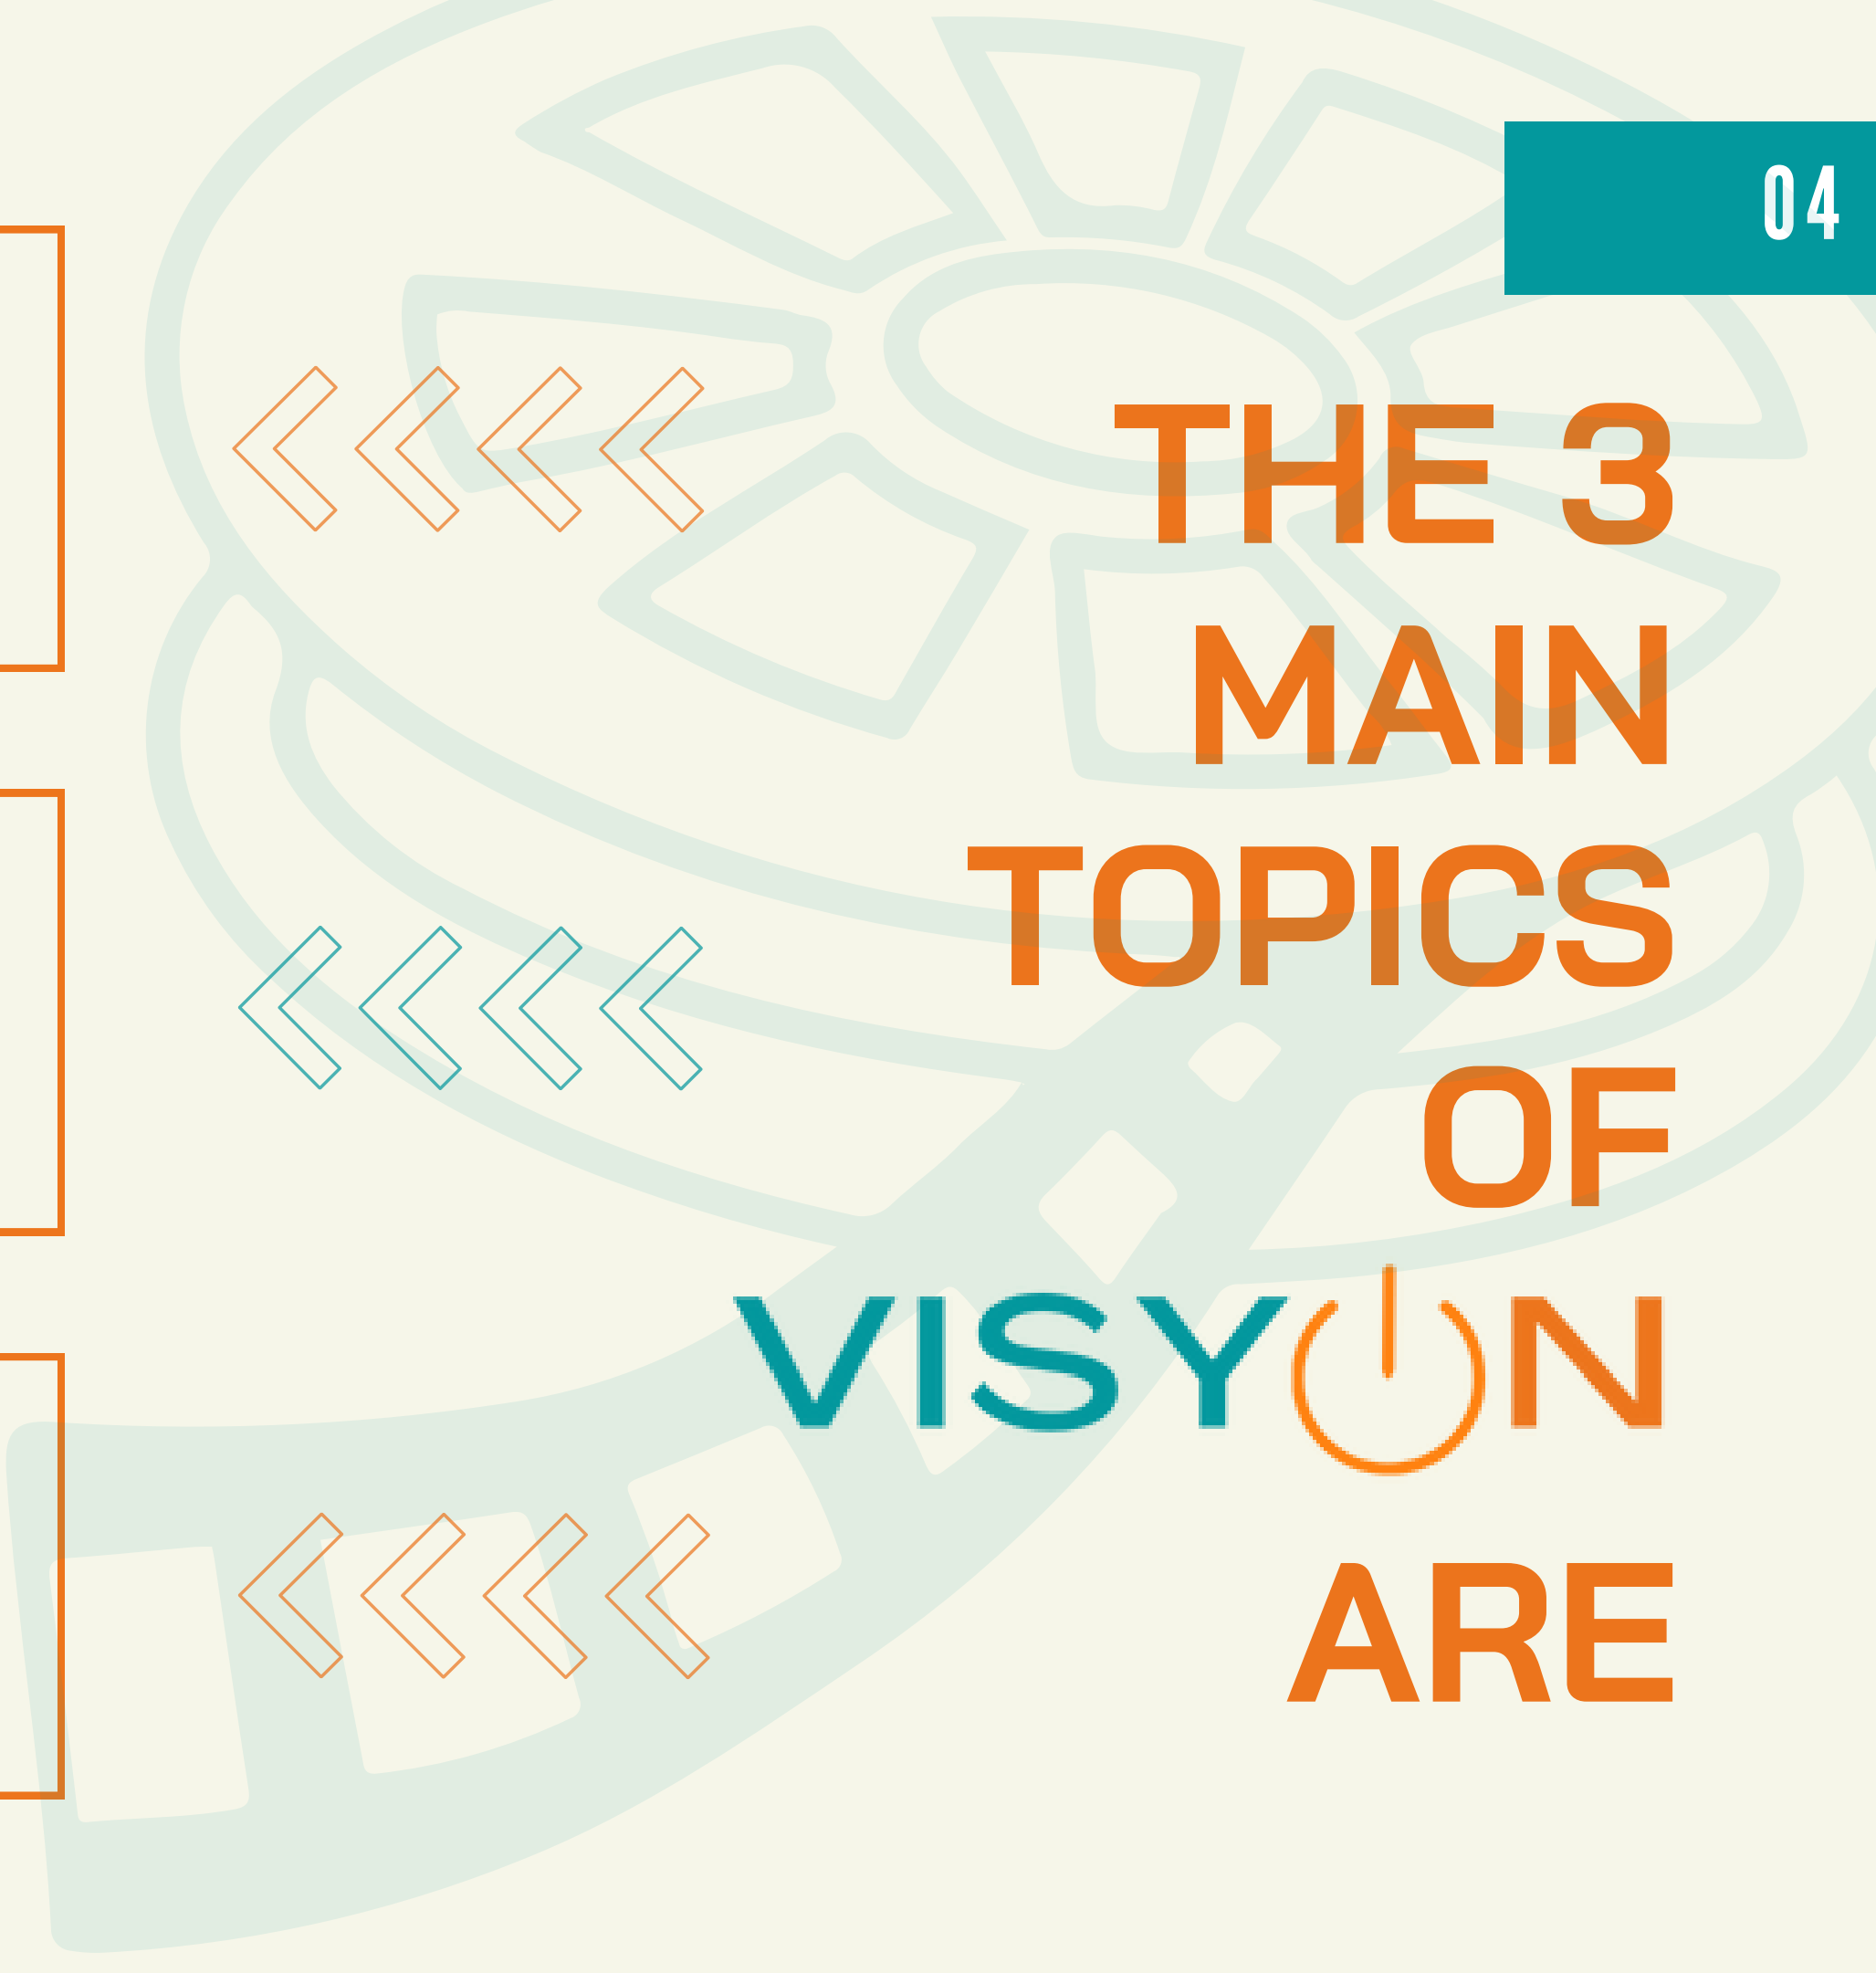

- Raise awareness among young Europeans about current **EU youth policies** and directly involve them in the **political dialogue** and **decision-making process**.
- Provide youngsters with a forum to discuss their needs and challenges, and to contribute to the implementation of the **11 European Youth Goals**.
- Use an innovative approach, where young people will have a chance to share their opinions and recommendations through **short-movies creation**.

00:120:35:01

The **11 European Youth Goals** summarise the issues that affect young people in Europe and the political priorities that are important to them.

**Media Literacy** is the ability to critically analyse stories presented in the mass media and to determine their accuracy or credibility.

**Digital Storytelling** is a short form of digital media production that allows everyday people to create, share and preserve their stories online.

# THE 3 MAIN TOPICS OF VISYON ARE

# PROJECT RESULTS

- **The European Youth Diary** - a collection of views & opinions of young Europeans about youth policies;
- **Countries' Scripts** - each script will address a specific topic - one of the 11 EYG, and will present a fictional story, based on the stories of European Youth Diary;
- Series of **short movies about 11 European Youth Goals**.
- A **toolkit** for youth workers, containing methods and approaches to foster youth's active involvement in society and equip them with valuable interpersonal skills.
